

IMAGINE...
IF EVERY DAY YOU
OPENED YOUR DOOR;
ANOTHER HURTING CHILD
WAS STANDING THERE.

IN 2019,
701 CHILDREN
CAME TO
OUR DOOR.

WISH LIST

Will County State's Attorney James Glasgow established the Will County Children's Advocacy Center in 1995 to provide hope, healing & justice for children who have endured sexual abuse, severe physical abuse, sexual exploitation and exposure to violence. The Friends of the Will County CAC (EIN #36-428949) was established as a 501(c)(3) non-profit organization to allow the Will County Children's Advocacy Center to accept donations from caring and generous individuals, businesses, and organizations, in order to fund our critical forensic interview, victim advocacy, and trauma-therapy services.

Monetary donations to help fund our life-saving mission may be made at www.willcountycac.org.

Our needs reflect the unique services we provide to children on their path to healing. For example, we may use art therapy and play therapy during counseling sessions, since art expression and play are ways children mediate and resolve traumatic experiences.

We also provide snacks to help children and family members feel more comfortable.

Your generosity ensures that our services support children in the best way possible. Thank you for your support!
